11 APR 1918

FROM

MAJOR E. H. S. JAMES,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 8th April 1918

SIR,

I am directed to state that, in connection with the high prices prevailing for salt and the difficulty which has been experienced generally in obtaining that commodity, the Government of India have decided, in order to meet possible demands from Native States, to extend to Durbars the same concession as to priority of issue as has been granted to local authorities in British India.

2. The Commissioner, Northern India Salt Revenue, has been granted full powers to arrange for the distribution of salt, and will therefore be in a position to assist Durbars by giving them priority of issue over ordinary supplies to traders. The Government of India say that when any Durbar desire a privileged supply, the indent, which should in no case be in excess of one month's normal requirements of the State, should be made in accordance with (the ordinary rules of the Salt Manual) and should be addressed to the Assistant Commissioner of the Khewra, Sambhar, or Pachbadra Salt Depot, as may be convenient, through the local Political Officer. The quantity indented for will be despatched

despatched either in one consignment or in instalments, having regard to other priority demands, so as to secure a fair distribution as far as possible.

3. If the Durbar wish to avail themselves of the above concession, I am to request that the indent may kindly be - - accompanied by a statement showing the normal monthly requirements.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

With reference to your letters No. R.12085/Agri.60-17-4 dated 12th June 1918 and No. R.10731/Agri. 60-17-2, dated 1st May 1918, I have the honor to state that there are at present in the Bangalore market about 11000 Bengal maunds of salt - - estimated to be sufficient for the supply for two to two and a half months of the area depending on this market. The price in Bangalore is slightly cheaper than what it would cost to obtain salt from Bombay at present prices. I am addressing the Deputy Commissioners regarding stocks of salt in their areas and will address Government as soon as I hear from them. As there is no doubt that salt will have to be imported into the State on concessional terms, printed indents for emergency supplies may kindly be obtained from the Residency with, if possible, information regarding the particular area from which it will be convenient to send salt into Mysore. Information regarding the prices at which salt will be made available will also be necessary. I may mention for the information of Government that the consumption of salt per month in Mysore during 1915-16, the year of largest consumption, was at an average rate of 66000 Bengal Maunds.

N.P.S.

Letter No.C.No.2077/3-11-1918 dated 29th October 1918
from the Secretary to the Commissioner, Salt, Abkari and --
Separate Revenue, Madras to the Director of Civil Supplies
Bangalore.

In reply to your letter No.3495 dated 15th October
1918 regarding the supply of salt to the Mysore State, I am
directed to inform you that for the present a trial consign-
ment of 1000 bags or 2000 maunds of salt can be sent from
the Madras Depot at the preferential rate allowed to Munici-
palities in this Presidency, viz., at Rs.3-12-0 per bag of
two maunds, free on rails at the depot. The arrangement -
made with Municipal councils in the Presidency is that they
should retail the salt to the public through responsible --
merchants who undertake to sell at a price which allows only
a fair amount of profit. The cost of the 1000 bags at Rs.
3-12-0 a bag or Rs.3750/- should be remitted into the Re-
sident's Treasury at Bangalore and the receipt sent to this
office, when orders for the supply of salt will issue.

2. It will no doubt be possible to arrange for fur-
ther supplies though not necessarily from the Madras Depot
if the experiment proves success.
